### Change in results announcement date

**Dublin, Ireland – 30 April 2020: Datalex plc (the “Company” or the “Group”) (Euronext Dublin: DLE)** notes the recent measures regarding publication deadlines for annual financial statements announced by the European Securities and Markets Authority and the Central Bank of Ireland. The measures which are designed to mitigate the impact of COVID-19 on the EU financial markets, and which note the challenges that companies and their auditors currently face in preparing audited financial information as a result of the COVID-19 pandemic, allow flexibility where an issuer does not meet the ordinary deadline for publication of financial statements.

In accordance with the Central Bank of Ireland’s guidance, Datalex, following discussions with its auditors, has reviewed its reporting timetable in light of the challenges caused by COVID-19 and has decided to delay publication of its 2019 Annual Report. Datalex plans to publish its results for the year ended 31 December 2019 no later than 30 June 2020 (delayed from 30 April 2020).

This delay has been discussed and agreed with the Company’s lender, Tireragh Limited (“Tireragh”). The Company has also engaged in positive and constructive discussions with Tireragh about the current economic challenges resulting from COVID-19 and the provision of covenant waivers in order to preserve maximum flexibility to operate the business through this challenging period.

The Board continues to believe that the Group is well positioned to withstand the impact of COVID-19 and is confident of its future following the pandemic.
